Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sul phur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store, all ready for use. This is the old-fashioned recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not we all desire to retain our youthful appearance and attractive ness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so a sponge or soft brush with it and one small strand at a time; by morn ing all gray bairs have disappeared, and after another application or two your hair becomes beautifully dark glossy, soft and luxuriant .- Advertise
